## MASONIC RELIGION.

The desire of the Masonic orders throughout the United States to properly protect and preserve the many priceless mementoes of George Washington, which are kept in the lodge room of Alexandria, Washington Lodge, No. 22, at Alexandria, Va., has resulted in a movement for the erection of a magnificent and substantial memorial temple at Alexandria, to be dedicated to George Washington, the Mason.

Thousands of visitors from every corner of the United States are attracted annually to view the relic. The lodge room in which they are kept, while safe under ordinary conditions, is not fireproof and the thought of probable destruction at some future time has led to the movement for the erection of a memorial. George Washington, the general, statesman, president and Mason presided as worshipful master of Alexandria Lodge when it received its charter from the Grand Lodge of Virginia on April 26, 1788. Besides the paraphernalia of the Masons, which include the apron worn by Washington as master of the order, many gifts from his relatives and friends are included in the list of mementoes. The pocketknife he carried as a boy and with which, it is said, he carved his name on the Natural bridge of Virginia; the compass he used as a surveyor; the military hat he wore during the Revolution, and the medicine glass used in the sickroom during his last illness are all priceless treasures. Another relic worthy of special mention is a clock taken from the home of Washington in Mount Vernon. At the time of his death the attending physician, who was also a Mason, cut the cord of the clock, stopping it at the exact minute of his death, which time (10:20) it has shown ever since.

Concordia Lodge of Baltimore has been favored with an opportunity to view these historic collections by being cordially invited to attend a regular communication of Alexandria-Washington Lodge No. 22, on Thursday, May 26. Accordingly, it has been decided to arrange for a special excursion from Baltimore for the members of Concordia Lodge, which will include a trip to Mount Vernon. On the return of the excursionists to Alexandria from Mount Vernon dinner will be served in the Hotel Rummel. They will also witness the conferring of the third degree by the team of the Alexandria-Washington Lodge, Concordia Lodge is the first to take active interest in this movement for the erection of the memorial. (Baltimore American.)

## PRIMARY.

A democratic primary election will be held in three of the wards of the city—the Second, Third and Fourth—on Thursday to nominate candidates for members of the Board of Aldermen and Common Council to fill vacancies.

At a recent meeting of the democratic committee the incumbents in the First ward were nominated without opposition, as was one alderman from each ward. In the three other wards candidates in each appear for council, with two in each to be elected.

The candidates in the contesting wards are: Second ward, Louis Brill and Henry Bader, present incumbents, and J. Y. Williams; Third ward, W. M. Helms and J. Fred Birrell, present incumbents, and A. D. Brockett; Fourth ward, E. E. Usher, present incumbent, and O. B. Swan and Thomas Chaney, Mr. Frank Evans, the only republican member of Council, will not be a candidate this year.

The polls will be opened Thursday at noon and will close promptly at 7 o'clock in the evening.

## RIVER NOTES.

The three-masted schooner Annie Lord, from Providence, R. I., with bricks for the Alexandria Fertilizer and Chemical Company, has arrived.

The barge Daniel, from the lower river, with lumber to W. A. Smoot & Co., has arrived.

The barge Lily of the West, loaded with coal for the U. S. Fish Commission at Moxley Point, left W. A. Smoot & Co.'s wharf today.

The U. S. Fish Commission steamer Phalarope was at W. A. Smoot & Co.'s wharf this morning.

## RAILWAY COMPANY SUE.

The electrocution of 11-year-old Joseph Earl Willis, of Potomac, Alexandria county, is blamed upon the alleged negligence of the Washington, Alexandria and Mount Vernon Railway Company by the boy's father, Walter H. Willis, who yesterday filed suit in Washington to recover \$10,000 for the death of his son. The father declares that his son was playing on the railroad bridge at Elmo, to which the live wires were affixed, and that they were so placed without due regard to the safety of children who frequented the locality. The fatality occurred May 12, 1909.

## SUIT WITHDRAWN.

Mrs. Mildred Dame, of Baltimore, on Saturday withdrew her suit for divorce against her husband, Mr. Randolph N. Dame, which was filed last Tuesday. It was announced that a reconciliation had been effected, and that Mrs. Dame had returned to her husband's apartment at the Cecil. The bill of complaint, which was filed, stated that the couple were married, December 31, 1905. It alleged that Mr. Dame had been guilty of cruelty, but had announced Saturday that he and his wife had become reconciled.

## THE BURNING TO DEATH OF MR. AND MRS. MILLER.

The main facts in connection with the burning to death of an early hour Sunday morning of Mr. and Mrs. John Thomas Miller at Accokeek, in the Piscataway, Md., neighborhood were published in yesterday's Gazette. Miller was 73 years old and his wife 63.

Robert W. Miller, brother of the dead man, lives in a small dwelling near the store, but he did not know the store was on fire until aroused by a neighbor. The front door of the store was found open and a pair of slippers belonging to the dead woman were found near the house occupied by Robert Miller, which is generally thought to indicate Mr. Miller was aroused by the fire and had gone to call for assistance and then returned to the burning building.

Justice Morgan, acting as coroner, summoned a jury, yesterday and held an inquest. Robert W. Miller testified the store was closed about 9:30 o'clock Saturday night, and as far as he knew, everything was left as usual. Other witnesses testified as to the condition of the burning building. The jury rendered a verdict that Mr. and Mrs. Miller met their death between the hours of 9:30 p. m. and 1:30 a. m. from some cause not known to the jury. The remains of Mr. Miller were found near the rear door of the building and those of Mrs. Miller about the center of the building. Both bodies were almost entirely consumed, only the bones and a few fragments of flesh being left. These were gathered up and put in wooden boxes.

Robert Miller said his brother, who had a fear of banks, kept his money on his person, and had about \$2,200 at the time of his death. A small amount of silver, partially melted, was found in the ruins near where the money drawer was located. The stock of merchandise was valued at \$1,500, and there was no insurance on either the building or the stock of goods. The two brothers went to Accokeek in 1901 from Alexandria, and bought the property on which they resided. At that time there was a large dwelling house on the place, but that was destroyed by fire in 1905. The Millers were natives of Anne Arundel county. The dead woman was a Miss Craig, from Accomack county. Her husband was an engineer, and served during the civil war on the United States gunboat Lockwood, and after the war served nine years as chief engineer in Washington. Mr. Miller was a Master Mason and a member of B. B. French Lodge, of Washington. The remains were buried at Arlington today.

Rumors are in circulation today that arrests have been made in the case. Murder, robbery and arson, it is reported, are suspected. These reports, however, could not be verified.

## BAR ASSOCIATION.

As heretofore stated the Bar Association of the Sixteenth judicial district will meet at the office of Col. F. L. Smith, in this city, tomorrow morning at 10 o'clock. There is little business to be transacted and if there is time papers on the question of retrocession of Alexandria county to the District of Columbia will be read by Judge J. K. M. Norton and Mr. John M. Johnson, of this city. At the close of the meeting the members of the association will take the electric cars for Arlington to attend the shad bake to be given by Congressman Osburn to the members of the House judiciary committee.

## OPERA HOUSE.

"The best yet" was the verdict heard on all sides of the performance given at the Opera House last night and which will remain the first half of the week. It seems to be the aim of the new management to select acts which are of a different nature at each bi-weekly change of bill, and anyone in need of a good laugh can easily be accommodated on this occasion. Both acts are of a high standard while the service of first class pictures are too well known to require comment.

## CASE CONTINUED.

William and Robert Jackson, colored, were arrested yesterday on suspicion of stealing a gold watch and chain from Carl Johnson, a gardener, employed at J. L. Loney's greenhouse in the southern section of the city. Johnson had hung his vest up previous to washing his hands, and later when he stepped down it he discovered that the watch and chain had been removed. The case was called in the Police Court this morning, but continued until 20th instant. The prisoners were released upon furnishing bond in the sum of \$50 for their appearance. They were represented by Mr. Robinson Monroe. This was the only case before the court this morning.

## UNTIED THE HORSE.

Officers Bell and Talbot last night found a bridle, lines and cushion in front of the Young People's building on south Washington street. They brought them to the station house, and this morning Mr. J. W. Birkett, of Fairfax county, appeared and identified the articles as his property. He stated that he left his horse and buggy in front of McBurney's Hall early last night and while he was in the building some person untied the horse when the animal proceeded towards its home. On the way it upset the buggy in the road and damaged the vehicle.

## THE CASE OF THE SCHULIZ MURDERERS.

Mr. Lewis H. Machen, counsel for Calvin Johnson, one of the four colored men sentenced to be executed in the penitentiary in Richmond on Friday next for the murder of Walter F. Schulz, has prepared an interesting pamphlet which would fill about one page of the Gazette, in which he reviews the case and the substance of the evidence given in the trial of the defendants in this city last year. Mr. Machen goes into all the circumstances in connection with the case. He lays special stress upon the testimony given by Henry Smith for the commonwealth and his subsequent repudiation of his first story, most of which has at times been published in the Gazette, together with the alleged efforts of policemen to overhear confessions of the accused. Mr. Machen says that after studying the case for over a year with all the earnestness of which he is capable, he has a firm faith in the absolute innocence of Johnson, Pines and Dorsey. He thinks Smith should receive a life sentence for perjury and the three first-named be pardoned.

Mr. Machen concludes his summary of the case by saying: "As to the manner in which Schulz met his death, there is so much mystery now as there was when his body was found. Every one must sympathize with his bereaved family and grieve for their grief; but to kill three innocent men would not bring back the unfortunate man of whose murder they are accused."

## MEETINGS.

## DAMAGE SUIT.

After a trial which has lasted nearly a week in the circuit court for Alexandria, Judge J. B. T. Thornton presiding, the case of Alice McMeekin and her husband, Richard McMeekin, to recover \$7,500 from the Southern Railway Company for alleged damage to their property on upper Duke street caused by smoke, soot and cinders from the defendant company's engines, and other property nearby, was given to the jury late yesterday afternoon. At the end of an hour the jury was excused until 10 o'clock this morning.

The effect of the verdict, it is reported on the street today, may result in the removal of the company's works from this city.

The jury met at 10 o'clock this morning and retired to their room. At 1 o'clock this evening the jury returned into court and rendered a verdict for plaintiff of \$2,250. A motion to set aside the verdict as contrary to the law and evidence and for a new trial was overruled, and an appeal was noted. Among the exceptions taken to the verdict was that the amount awarded was excessive.

## SUIT FOR DAMAGES.

The case of J. H. Trimyer against the Washington, Alexandria and Mount Vernon Railway Company is being heard in the Circuit Court for this city before Judge J. B. T. Thornton. The object of the suit is to recover damages in the sum of \$5,000 for injuries, alleged to have been sustained while the plaintiff was a passenger on the defendant company's cars, February 27, 1908, when a Southern Railway locomotive collided with the electric train at the intersection of Henry and Cameron streets. A jury some time ago awarded the plaintiff \$2,500. The Court of Appeals, however, reversed the decision, hence the new trial. Judge O. E. Nicol and Mr. Aylett T. Nicol represent the plaintiff, and Messrs. John S. Barbour and J. R. and H. B. Oston the defendant.
